ABOUT ME

As a dedicated computer science student, I possess a strong foundation in software development and a passion for using technology to solve complex problems. Through academic coursework and remote work experiences, I've honed my skills and developed exceptional communication abilities. My technical expertise includes proficiency in Python, Java, and JavaScript for clean and efficient coding, hands-on experience in web development with HTML, CSS, JavaScript, and SQL, and familiarity with Agile methodologies and collaborative development environments using tools like Git. Driven by a passion for innovation and lifelong learning, I'm eager to contribute to the success of innovative projects and make meaningful advancements in the field of computer science.
